

Supporting summary for Nomination for Committee of Management Vacant Position.

Tony Kenyon Member number 00802.

Since moving from being a loyal listener of many years to becoming an active volunteer I have been involved in many roles within the framework of our station.

I commenced my journey as a reception/telephone person working with David Wood and various other as needs demanded. At the request of our then President I added the role of preparing the Presenter Logs to my involvement and together with Geoff Mason we improved the system to the logs that are in use today. For a time I filled the role of OH&S Officer including the difficult time during the Covid Pandemic.

Currently I hold the position of Membership Manager with responsibility for issuing renewal notices, reminders and all the other membership issues that arise. I find this role rewarding and enjoy contact with our loyal members.

I continue to act as reception/telephone for Graeme Lawrie and Trevor or Nessie from 4pm to 8pm Mondays and fill in to cover other shifts as required.

I enjoy attending OBs and chatting with people and putting our station 'out there' in the public arena.

What can I bring to the role of Committee Member? My working background is in Management roles in various industries from motor vehicle repairs, transport and warehouse, and a stint in retail and food catering. Having owned two business, the skills I learned and used in these roles are relevant to the operation and control of many aspects of our radio station.

An important factor of my current position on the committee is that I am the only Committee Member who isn't from a current or past presenter background and therefore I can offer a differing point of view.

Outside of my role at Radio Eastern I am a local resident living in Ringwood East with my wife Kate and I am an active member of Sherbrooke Archers where I 'play bows and arrows' (as Kate calls it) 2 or 3 times a week particularly with a group of similar aged men, a bit like Men's Shed. I also spend time with our children helping them and their partners with renovations and repairs around their homes.

Enough from me, only to add that I would continue to serve the station as best I can should I be re-elected.

Sorry if this sounds a bit like I'm running for Parliament. Regards, Tony Kenyon
